Letter of Recommendation

Dear Manav Sharma,

Greetings on behalf of SkillSphere Education!

We would like to place on record the superior level of participation exhibited by you during the 1st Edition of SkillSphere eMUN Middle East!

As a result of your excellent participation, you were awarded the **Best Delegate** position in the **UNEP (United Nations Environmental Programme)** committee.

SkillSphere eMUN Middle East 1st Edition conducted on the 27th of June, 2020 was a unique conference which blended MUN based skill set development and training with competitive participation. With over 60 delegates participating in 4 different committees, the online MUN conference witnessed very good participation from delegates belonging to some of the best schools in UAE. You have done exceedingly well to secure an award in the conference.

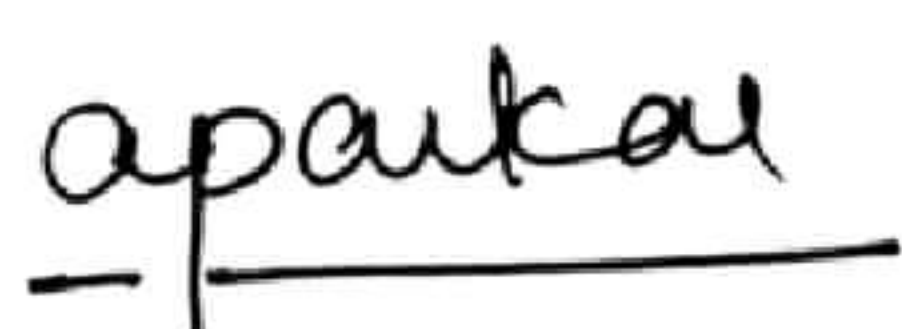

The Executive Board members of your committee have also noted certain aspects of your participation that are worthy of praise and these are as follows:

Manav has been a fantastic addition to the committee. His research and insights gave others direction and revealed his nascent leadership skills. He is intelligent and is able to effectively communicate his ideas with others. Manav's solution-oriented approach is what made him popular in the committee!

We wish you all the best for the future and are certain that you have the potential to become an even better delegate in due course!

Thank you very much and all the best!

Regards,

Abdullah Parkar
